## PROFESSIONAL SUMMARY

---

As a third-year student pursuing B.Tech in Computer Science at VIT Bhopal University, I am highly interested in exploring the field of Artificial Intelligence and Web development. I have a basic understanding of computer programming and I am keen on developing my skills further to excel in the study of AI and Web Development. While I am still in the early stages of my academic journey, I have a strong desire to learn and grow in the field of AI. I have completed online courses in UX/UI Design, Web Development, Fundamentals of AI, Basics of machine learning and Digital marketing, which have given me a better understanding of the potential of AI and its applications. In addition, I possess analytical and problem-solving skills, as well as good communication and teamwork abilities. I am eager to collaborate with professionals in the field of AI and contribute to research and development projects to gain more practical experience and enhance my skills. Overall, I am a dedicated and motivated student with a passion for AI and a strong commitment to academic and personal growth. I am eager to learn more about AI and Web Development and leverage my skills to make a meaningful contribution to this exciting field.
